

Sobeys Franchise Benefit Plan

Benefits at a Glance

The Sobeys Franchise Benefit Plan is a flexible benefits plan that provides you with the opportunity and flexibility to choose the benefits coverage that works best for you and your dependants.

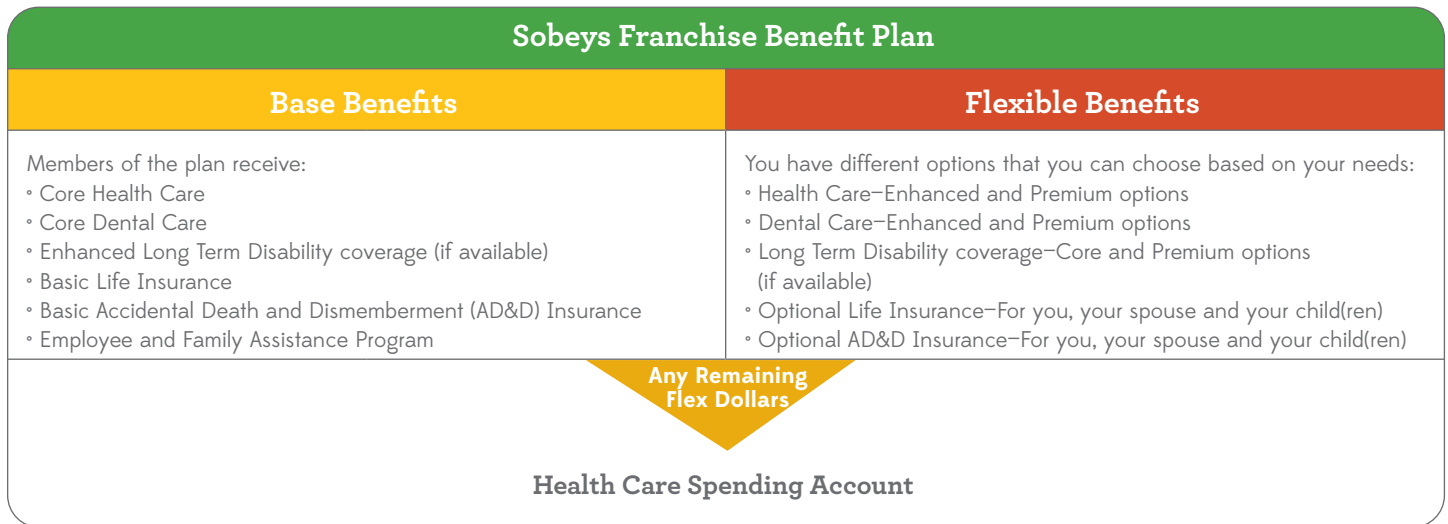

How the plan works

You pay for the coverage you choose through payroll deductions. Your store owner may contribute to the cost of your benefits, which will appear as Flex Dollars on the benefits website. If you have any remaining Flex Dollars after you've chosen your coverage, they will be directed to a Health Care Spending Account (HCSA).

Who's eligible?

Full-time employees are eligible. (Some stores offer select benefits to part-time employees.) If you participate in the plan, you can also cover eligible family members when you enrol. There are three coverage categories:

- Employee (just you);
- Employee + one (you plus one family member); or
- Family (you plus two or more family members).

If you don't enrol

Full-time employees

If you're newly eligible for the plan and you don't enrol or don't opt out of the plan by the deadline, you will receive employee-only Core Health Care, employee-only Core Dental Care, Basic Life Insurance, Basic AD&D coverage, Short Term Disability coverage (if offered) and Enhanced Long Term Disability coverage.

Part-time employees

If your store provides part-time coverage and you don't enrol by the deadline, you will not have any benefits coverage and you will have to re-qualify in order to join the plan at a later date.

If you're a Quebec resident

Both full-time and part-time employees who don't enrol receive employee-only Core Health Care, employee-only Core Dental Care, Basic Life Insurance, Basic AD&D coverage, Short Term Disability coverage and Enhanced Long Term Disability coverage for those who are eligible.

Health care

You have three options: Core, Enhanced and Premium. The Core option is the lowest cost option, but you will have higher out-of-pocket costs when you receive services. The Premium option will cost you the most in terms of payroll deductions but will result in lower out-of-pocket costs. The choice is yours.

Health Care Spending Account

Health Care Spending Accounts (HCSAs) are available to those who receive Flex Dollars from their store owners and who, after making their benefit choices, still have some Flex Dollars left over. These remaining Flex Dollars are deposited into an HCSA in your name at Medavie Blue Cross. You can use the money in your account to receive reimbursement for the cost of health and dental expenses not covered under the franchise plan, your spouse's plan or your provincial plan. A list of eligible expenses can be found at <http://www.cra-arc.gc.ca>.

Short Term Disability coverage

Some stores may provide Short Term Disability (STD) coverage with different plans available depending on where you work. Some stores pay all or part of the premiums associated with STD coverage; that means that any STD benefit payments you receive will be subject to income tax. When STD premiums are employee-paid, any benefit payments received are tax free. You'll see a description of STD benefits, if any, on the benefits website when you enroll.

Long Term Disability coverage

Long Term Disability (LTD) insurance is a mandatory coverage for full-time employees participating in the benefit plan. This coverage will pay you a portion of your income if you become disabled and are unable to work. LTD premiums are 100% employee paid which means you cannot use Flex Dollars to pay any portion of the premiums. As a result, if you become disabled and are unable to work, any LTD benefit payments you receive will not be subject to income tax. You can choose from three levels of coverage: Core, Enhanced and Premium. The Core option will cost you the least in terms of payroll deductions and provides the lowest benefit if you become disabled. The Premium option will cost you the most but will provide the highest level of benefits if you become disabled. Part-time employees are not eligible for Long Term Disability coverage.

If things change

While you can adjust your coverage each year during the annual re-enrolment period, if you experience a Life Event (like marriage or the birth of a child), you can change your coverage, just as long as you do it within 31 days of the event. Shop at the Franchise Benefit Store (franchisebenefitstore.com) website and select the coverage that's right for you and your family.
